PROFILE

Before working for companies, I created my own independent group. I also have leadership skills to lead group. I can integrate APIs of any services into projects (for example: Payment, Yandex, Tax, MoySklad). I guarantee to complete projects fast and with high quality. I work on myself regularly. I am always ready to learn new technologies.

SKILLS

NodeJs, Javascript, Typescript, NestJs, ExpressJs, SQL, NoSQL, ORM, ODM, Telegram-bot, Docker, Linux, Git, Swagger, Postman, Code architecture, OOP, Socket, REST API, Microservice, HTML, CSS, Bootstrap

PROJECTS

Real Estate **(Real estate for sales)** 🔗
Web site

This project is developed by myself. I have fully created this project as a FullStack developer. The Backend part of the project is built using (Express, Node.js, Mongo) and the FrontEnd part is developed using (HTML, CSS, Bootstrap, JS).

EDUCATION

Foundation and Full-stack bootcamp
Najot ta'lim

I first learned algorithms at the Foundation level of programming at "Najot ta'lim" IT learning center. After successfully completing this course, I completed the Full-stack (NodeJs and Vue) bootcamp course.
